YOUR GUIDE TO GOOD LISTENING

WRMC-FM 91.7

alternative radio

WRMC—FM is, we believe, a truly progressive, non—commercial, educational radio station. We make every effort to insure that our programming is both highly variegated and consistently first—rate. While we are aware that it is impossible to please all of our listeners all of the time, we hope that as a result of our diverse programming, every one of our potential listeners can find, at some time during the week, particular shows which speak directly to his/her tastes. Rather than offer programming which is marginally acceptable to all of our listeners all of the time, we try to present programs which are truly exciting and interesting to each of the various elements within our listening audience, even to the temporary exclusion of other sectors of that audience. This, we believe, is is what progressive, alternative radio is all about. Rock, classical, jazz, folk, bluegrass, news, weather, sports, political commentary, news analysis, special topics, radio drama...all are integral parts of WRMC's program schedule. So take a good look at our program schedule (pages 6 and 7 of this program guide) and find the shows that interest you. Then give us a lissten. And remember, WRMC—FM is here to serve its listeners. To do that as well as possible we need to hear from you. Sit down at a typewriter, pick up a pen——or even a crayon——and let us know what's on your mind. We really do want to hear from you. Address your letters to WRMC—FM, Box C 2200, Middlebury, VT 05753.

Take care and keep listening

Jonathan D. Hart
